

MEMBERSHIP CATEGORIES AND INFORMATION

Thank you for your interest in joining Claremont Yacht Club.

Before you complete an application for Membership at Claremont Yacht Club, please take some time to read this document and ensure that you are applying for the correct category of Membership. Each type of membership includes a set of rules relevant to the membership category, the Club and its values. We hope that you will share our values and interests with us.

The Club is an association of individuals who share a common interest in boating, whether they are boat owners or not. You will find that the Club provides you with opportunities to enjoy that common interest both on and off the water and all Members are encouraged to participate.

For Senior Members, there are events at which participation is mandatory.

Many events are organised throughout the year to ensure that you have opportunities to spend some time with other Members.

The personal information provided in your Application for Membership will be used to assess and process your Membership Application. Please note that applications for all categories of Membership are required to be posted on the Members' noticeboard until acceptance at the General Committee Meeting.

The Club protects the privacy of the information collected from Members. Our privacy policy can be viewed on the Club's Website. Claremont Yacht Club takes reasonable steps to ensure that personal information held by the Club is protected against misuse, unauthorised access or disclosure.

The Club offers different categories of membership. Whether it is for the social aspect or boating aspect, we have options to suit everyone from children to families.
